

Michael D. Green, PhD

mgree200@jh.edu

Research Portfolio: michaeldgreen.phd | [LinkedIn](#) | Blog: [Not Being Green \(notbeinggreen.com\)](https://notbeinggreen.com)

Date Prepared: 4/1/2026

Education

- Aug 2021 – Dec 2025 Duke University School of Medicine, PhD
Population Health Sciences
Dissertation Committee: Matthew E. Dupre, Ph.D. (Chair); Emily C. O'Brien, Ph.D.; M. Alan Brookhart, Ph.D.; Ann Marie Navar, M.D. Ph. D; Roland J. Thorpe Jr., Ph.D.
- Sept. 2017 - June 2021 Dartmouth College, BA
Major: Anthropology w/ Honors; Minor: Environmental Sciences

Research Experience

- April 2026 **Postdoctoral Fellow**
(Supported by National Institute on Aging K00 award)
Department of Population Health Sciences, Johns Hopkins
Bloomberg School of Public Health, Baltimore, MD
Advisor: Dr. Roland J. Thorpe, Jr.
- Sept 2024 – January 2026 **Principal Investigator – Fellow**
(Supported by National Institute on Aging F99 award)
Department of Population Health Sciences, Duke University
School of Medicine, Durham, NC
Assessing the Impact of Discrimination in Healthcare on the Cardiovascular and Cognitive Health of Aging Black Adults,
PI-Mentor: Dr. Matthew E. Dupre
- Sept 2022 – Sept 2024 **Graduate Research Assistant (Supported by National Institute on Aging Diversity Supplement, see “grants” below)**
Department of Population Health Sciences, Duke University
School of Medicine, Durham, NC
Integrating Risk Trajectories and Social Determinants to Enhance Cardiovascular Risk Assessment in Older Adults,
PI: Dr. Matthew E. Dupre
- Sept 2022 – June 2023 **Research and Development Associate (contract)**
Zealcare Inc., Cary, NC. Supervisor: Dr. Connor Drake
- June 2022 – August 2022 **Research and Development Intern (contract)**
Zealcare Inc., Cary, NC. Supervisor: Dr. Connor Drake
- June 2022 – August 2022 **Summer Graduate Intern**
Division of Intramural Research, National Institute of Environmental Health Sciences, Research Triangle Park, NC
Social and Environmental Determinants of Health Equity Group,
PI: Dr. Chandra Jackson
- Jan. 2022 – May 2022 **Graduate Research Assistant**
Department of Population Health Sciences, Duke University
School of Medicine, Durham, NC

A Patient-Centered Approach for Addressing Access to Care to Improve Outcomes in Heart Failure Patients, PI: Dr. Matthew E. Dupre

Sept. 2021 – May 2022

Graduate Research Assistant

Department of Population Health Sciences, Duke University
School of Medicine, Durham, NC
Log2Lose, PI: Dr. Jennifer Gierisch

June 2020 – June 2021

Principal Investigator

Department of Anthropology, Dartmouth College, Hanover, NH
Senior Honors Thesis Project: *Half a heart but full of life: Lived experience of families with a child battling severe congenital heart disease*,
Advisor: Dr. Elizabeth Carpenter-Song

July 2018 – June 2021

Undergraduate Research Assistant

Department of Epidemiology
Geisel School of Medicine at Dartmouth College, Hanover, NH
Cardiovascular Outcomes team, PI: Dr. Jeremiah R. Brown

Jan 2020 - March 2020

Innovation and Evaluation Intern, Division of Global Migration and Quarantine, Center for Disease Control and Prevention
Office of Innovation, Development, Evaluation, and Analytics,
Supervisor: Dr. Ardath Grills

Jan 2018 – Nov 2018

Undergraduate Research Assistant, Department of Epidemiology, Geisel School of Medicine at Dartmouth College.
New Hampshire Birth Cohort Study, PI: Dr. Margret Karagas

Grants and Fellowships

Grants

Sept 2024 – Sept 2029

(NIH-NIA) **F99/K00 - Transition to Aging Research for Predoctoral Students**

Both Phases: \$412,361

PI-Fellow: Michael D. Green, Key Personnel: Matthew E. Dupre, Roland J. Thorpe

Sept 2022 – Sept 2024

Research Supplements to Promote Diversity in Health-Related Research

\$90,225

Awarded a 2-year training grant to investigate the association between discrimination in healthcare settings and elevated blood pressure. Parent grant: 1R01AG069938-01A1.

May 2022 – May 2023

Race and the Professions Project Grant

\$5,000

Awarded to facilitate a community art project for the “Walltown Community Association”, a historically Black Durham, NC neighborhood group.

June 2020 – June 2021	Claire Garber Goodman Grant \$1,521 Awarded for medical anthropology project titled: “Lived experience of families with children struggling with severe congenital heart disease at Dartmouth-Hitchcock” Dartmouth College
-----------------------	---

Travel Awards

August 2024	Center for Digital Health and Artificial Intelligence (CDHAI) at the Johns Hopkins Carey School of Business \$300 PhD/Post Doc Travel Grant
-------------	---

March 2024	American Heart Association Council on Epidemiology and Prevention \$1,000 EPI Underrepresented Racial and Ethnic Groups Travel Grant
------------	--

March 2023	Duke Graduate School \$525 Conference Travel Award for Pre-candidacy Ph.D. Students
------------	---

Fellowships

Sept 2021 – April 2022	Race and the Professions Fellowship “The Race and the Professions Fellowship is a program of the Purpose Project at Duke, a campus-wide, faculty-led effort cultivating moral purpose, fostering virtuous community, and promoting flourishing professions. The Fellowship is a year-long program inviting first-year Duke graduate and professional students to explore racial justice and anti-racism within the professions.”
------------------------	--

June 2019 – June 2021	Ernest Everett Just Undergraduate Fellowship Two-year fellowship, during 3rd and 4th year, curated to increase the number of underrepresented minorities at Dartmouth who pursue a graduate degree/research in a STEM field.
-----------------------	--

Sept 2018 – May 2019	Kaminsky Undergraduate Research Award A 3-term research award from the “Sophomore Scholars program” offered by the Office of Undergraduate Advising and Research at Dartmouth College
----------------------	---

Additional Grant-Writing Experience_____

Dec 2024 – Dec 2026	(NIH-NIA) R36 - Aging Research Dissertation Awards to Promote Diversity <i>Status:</i> Scored. Withdrawn due to receiving F99/K00 \$120,724 (\$111,782 Direct, \$8,942 Indirect) PI: Michael D. Green , Key Personnel: Matthew E. Dupre,
---------------------	---

**Research Question: How does discrimination in healthcare
impact cardiovascular health of aging adults?**

Peer-Reviewed Manuscripts

Honors and Awards

- | | |
|----------|---|
| Nov 2025 | <p>Person-in-Training Award, Health Sciences Section
Gerontological Society of America</p> <p>The Person-in-Training Award is given to a student of the Health Sciences section for the best student paper at the Society's Annual Scientific Meeting. The award is designed to encourage research and to foster interest among students in the Health Sciences section and to encourage participation in the Society's Annual Scientific Meeting.</p> |
| Jun 2021 | <p>Class of 1950 Award for Community Service,
Dartmouth College, Department of Athletics</p> <p>This award goes <i>“to the varsity student-athlete who has demonstrated the most extraordinary commitment to community service, as nominated by varsity head coaches and captains, and selected by the Director of Athletics, Dean of the College, and Director of the Center for Social Impact.”</i></p> |
| Jun 2021 | <p>Legacy Award,
Dartmouth College, Division of Student Affairs and Dean of College</p> <p>Legacy Awards recognize students whose efforts and accomplishments reflect one or more of the values that guide the Division of Student Affairs at Dartmouth. Given to 14 students annually.</p> |
| Jan 2021 | <p>Global Health Certificate,
Dartmouth College, The John Sloan Dickey Center for International Understanding</p> <p>From center website: “provides students with a framework to demonstrate the knowledge and skills they have acquired to address complex global health challenges in a changing world. The Certificate combines coursework from across the curriculum with a field experience in global health.”</p> |

Teaching and Mentoring Experience

Teaching Assistant

Fall 2021 **Population Health Sciences Research Design and Study Methods I (POPHS 707)**, Duke University School of Medicine

Guest Lectures

Spring 2025 **Grant Writing in Population Health Sciences (POPHS 930)**, Duke University School of Medicine. Instructor: Meira Epplein 3/27
“Student NIH Grant Writing Experiences + Post-Award Process”

Spring 2025 **Context of Chronic Illness & Care System (Nursing 908)**, Duke University School of Nursing. Instructors: Debra Brandon, Karin Reuter-Rice. 2/6 “Measuring Discrimination in Healthcare Settings”

Fall 2024 **Topics in Population Health Sciences I (POPHS 705)**, Duke University School of Medicine. Instructor: Matthew E. Dupre 11/7
“Special Populations: Children with Severe Congenital Heart Disease”

Fall 2024 **Research Methods in Cultural Anthropology (ANTH 18)**, Dartmouth College. Instructor: Elizabeth Carpenter-Song. 10/23
“Anthropology informs my research path”

Spring 2024 **Professional Development II (POPHS 912)**, Duke University School of Medicine. Instructor: Hayden Bosworth 3/27
“Administrative Supplements”

Spring 2024 **Grant Writing in Population Health Sciences (POPHS 930)**, Duke University School of Medicine. Instructor: Meira Epplein 3/5
“Student NIH Grant Writing Experiences”

Fall 2023 **Topics in Population Health Sciences I (POPHS 705)**, Duke University School of Medicine. Instructor: Matthew E. Dupre 11/30
“Complex care circumstances: Children with Severe Congenital Heart Disease”

Fall 2023 **Race and Language (EDUC 117FS/AAAS 117FS)**, Duke University. Instructor: Aaron Colston 11/8 - “Structural Determinants of Health”

Peer Tutor

Fall 2017 **Calculus (Math 3)**, Dartmouth College

Professional Development Workshops

- June 2025 **Duke Machine Learning Summer School 2025: Generative AI (MLSS-GenAI).**
Sponsored by Duke AI Health a (presential) five-day class that provides lectures on the fundamentals of generative artificial intelligence methods and applications. The curriculum in the MLSS-GenAI is targeted to individuals interested in learning about generative AI, with a focus on recent deep learning methodologies.
- March 2025 **Leveraging Existing Data and Methods in Health Disparities Research 2025**
Workshop hosted at Duke University to learn how existing data resources paired with innovative applications and well-known methodologies can be used to identify valid and replicable population health trends and effects focused on multi-level societal, community, and individual determinants of health disparities in Alzheimer's disease and related dementias.
- August 2023 **National Institute of Health: "NIH Diversity Supplement Professional Development & Networking Workshop"**
Sponsored by the National Institute of Health.
The purpose of this workshop is to provide opportunities for scholars to meet NIH Program Staff, help to demystify the NIH grant and review process, and provide an overview of relevant funding mechanisms.
- March 2022 **Duke Clinical Research Institute: "Policy Relevant Research and Engaging with Government"**
Co-Sponsored by the North Carolina Office of Strategic Partnerships.
An interactive workshop, presenters will highlight the importance of policy-relevant research, discuss strategies for engaging with government, and share specific tips for successful government research partnerships.
- Dec 2020 **Grant GPS: "Writing Winning NIH Grant Proposals Webinar"**
Sponsored by GrantGPS, two comprehensive half-day webinar presentations address both practical and conceptual aspects of writing NIH research grant and fellowship applications.

Media

- March 2026 **The Guardian**
[... demonstrators gather at NIH headquarters to protest against cuts to medical research.](#)
Coverage of speech I gave Infront of NIH. Full speech link [here](#)
- March 2026 **Important Context**
["Rewrite All of Your Woke Science": Early-Career Researcher Says NIH's Anti-DEI Agenda is Undermining Agency's Mission](#)
Provide comments for an investigative journalism story written by Walker Bragman of the Accountability Journalism Institute.

March 2026	Inside Medicine – Jeremy Faust Speaking Out: After confronting NIH Director Jay Bhattacharya, Dr. Michael Green tells his story. Interviewed by Dr. Jeremy Faust for his Substack interview series on conducting research while scientific freedom and the infrastructure that supports our work is currently under pressure
February 2026	Why Should I Trust You? WSITY: Dr. Jay Bhattacharya on His Vision For NIH, His New Gig at CDC, Funding & DEI Given the opportunity to ask a pre-recorded question to the National Institutes of Health (and Acting CDC at the time) Director about the new process of “renegotiation” for grants that are deemed “DEI-activities”.
October 2025	AAMC Center for Health Justice Rethinking ‘Race’ to Reconstruct Research Practices: Introducing Population-Conscious Analysis Moderated a talk which “introduce a novel method, population-conscious analysis, which resolves the inappropriate use of race/ethnicity while also systematically assessing this critical factor, shifting the focus from describing health differences between social groups to understanding the mechanisms that produce those differences.”
September 2025	Social Mission Alliance Dismantling the Health Workforce Pathway Panelist on a webinar which was “A conversation highlighting the impacts of federal policies on the future of the health workforce in the United States, its potential impacts on health care access for our most vulnerable, and what we can do now to prevent it. We will focus on the various funding sources that have been impacted (financial aid caps, grant access to trainees) and how they’ve historically helped health workers that serve the country’s most vulnerable populations.
June 2025	Milbank Memorial Fund: The Milbank Quarterly Stories from the Field: The Impact of Federal Funding Cuts on Population Health Researchers Contributed to a series of testimonials on the impact of federal funding cuts.
June 2025	Interdisciplinary Association for Population Health Sciences NIH Grants Were a Huge Part of My Training. How Will We Bridge the Gap Now? Blog post I wrote detailing my concern about the cancellation of NIH award opportunities that have the specific target of increasing sociodemographic representation in biomedical research.
April 2025	Interdisciplinary Association for Population Health Sciences Careers in Population Health Sciences Beyond Academia

	Panel I moderated surrounding non-academic job career paths for population health sciences trainees.
July 2024	Interdisciplinary Association for Population Health Sciences Academic Careers: Exploring Institutional Differences And Charting Your Path With Advice From Leading Scholars Panel I moderated surrounding academic job market search strategies.
